

*FOR IMMEDIATE RELEASE*

## **Tower International Reports Solid First Quarter, Raises Full Year 2016 Outlook, and Expects Double-Digit Earnings Growth in 2017, Including Retention of Europe Business**

LIVONIA, Mich., April 28, 2016 – Tower International, Inc. [NYSE: TOWR], a leading global manufacturer of engineered automotive structural metal components and assemblies, today announced first quarter 2016 results, updated its outlook for full year 2016, provided a preliminary outlook for 2017, and discussed developments regarding Tower’s businesses in Europe, Brazil, and China.

- Revenue for the first quarter was \$511 million. At constant exchange rates, revenue was \$523 million, up 5% from \$497 million in the first quarter of 2015.
- Adjusted EBITDA for the quarter was \$46.2 million, compared with \$48.1 million a year ago. The decline was more than explained by the planned and anticipated up-front expenses associated with the major new business awarded to Tower North America in 2015.
- Net income was \$8.4 million, compared with \$14 million last year. As detailed below, this year’s first quarter included certain items that adversely impacted results by \$5.2 million. Excluding these items and comparable items in the first quarter of 2015, diluted adjusted earnings were 63 cents per share, compared with 82 cents a year ago. The decline was more than explained by the previously disclosed resumption this year of accrued U.S. income taxes.
- The Company has completed its evaluation of Tower Europe and has decided to retain the business. Tower Europe is a strong and competitive business, the European industry is recovering, and potentially significant new business opportunities have recently arisen with multiple customers, further bolstering the long-term outlook. There is no further intention to sell this business.
- Tower’s remaining businesses in Brazil and China are no longer considered to be core and were declared in April as held for sale. In the Company’s next quarterly report, these businesses will be accounted for as discontinued operations. Projected 2016 financial results for these combined businesses included revenue of about \$100 million (less than 5% of total Tower), with adjusted EBITDA of \$3 million and an adjusted net loss of about 10 cents per TOWR share.
- The outlook for full year 2016 earnings from continuing operations is being raised from \$3.00 to \$3.20 per share. Anticipated free cash flow (including customer tooling) is being increased by \$10 million (to \$20 million).

- The preliminary directional outlook for continuing operations in 2017 includes a 10% increase from projected 2016 in adjusted EBITDA (to \$225 million), a 16% increase in diluted adjusted earnings per share (to \$3.70), adjusted EBITDA margin increasing to 11%, and strong free cash flow of \$70 million. The anticipated improvements in 2017 largely reflect a reduction in the up-front costs and cash outflows associated with launch of the new revenue coming on board this year.

“Sometimes, the best deals are the ones you decide not to do,” said President and CEO Mark Malcolm. “Following 23 consecutive quarters of meeting or beating the earnings consensus, Tower’s businesses in Europe and North America are now poised to deliver record results, including double-digit earnings growth and strong free cash flow.”

### **Tower to Host Conference Call Today at 1 p.m. EDT**

Tower will discuss its first quarter 2016 results and other related matters in a conference call at 1 p.m. EDT today. Participants may listen to the audio portion of the conference call either through a live audio webcast on the Company’s website or by telephone. The slide presentation and webcast can be accessed via the investor relations portion of Tower’s website [www.towerinternational.com](http://www.towerinternational.com). To dial into the conference call, domestic callers should dial (866) 393-4576, international callers should dial (706) 679-1462. An audio recording of the call will be available approximately two hours after the completion of the call. To access this recording, please dial (855) 859-2056 (domestic) or (404) 537-3406 (international) and reference Conference I.D. #98915756. A webcast replay will also be available and may be accessed via Tower’s website.

### **Non-GAAP Financial Measures**

This press release includes the following non-GAAP financial measures: “adjusted EBITDA”, “adjusted EBITDA margin”, “adjusted earnings per share”, “adjusted free cash flow”, and “free cash flow”. We define adjusted EBITDA as net income/(loss) before interest, taxes, depreciation, amortization, restructuring items and other adjustments described in the reconciliations provided in this presentation. Adjusted EBITDA margin represents adjusted EBITDA divided by revenues. Adjusted earnings per share exclude certain income and expense items described in the reconciliation provided in this press release. Free cash flow is defined as cash provided by operating activities less cash disbursed for purchases of property, plant and equipment. Adjusted free cash flow is free cash flow excluding cash received or disbursed for customer tooling. We use adjusted EBITDA, adjusted EBITDA margin, adjusted earnings per share, adjusted free cash flow and free cash flow as supplements to information provided in accordance with generally accepted accounting principles (“GAAP”) in evaluating our business and they are included in this press release because they are principal factors upon which our management assesses performance. Reconciliations of these non-GAAP financial measures to the most directly comparable financial measures calculated in accordance with GAAP are set forth below. The non-GAAP measures presented above are not measures of performance under GAAP. These measures should not be considered as alternatives for the most directly comparable financial measures calculated in accordance with GAAP. Other companies in our industry may define these non-GAAP measures differently than we do and, as a result, these non-GAAP measures may not be comparable to similarly titled measures used by other companies in our industry; and certain of our non-GAAP financial measures exclude financial information that some may consider important in evaluating our performance. Given the inherent uncertainty regarding

special items and other expense in any future period, a reconciliation of forward-looking financial measures to the most directly comparable financial measures calculated and presented in accordance with GAAP is not feasible. The magnitude of these items, however, may be significant.

### **Forward-Looking Statements and Risk Factors**

This press release contains statements which constitute forward-looking statements, within the meaning of the Private Securities Litigation Reform Act of 1995, including but not limited to statements regarding the Company's projected adjusted EBITDA and diluted adjusted earnings per share, earnings per share from continuing operations and free cash flows, statements regarding the projected financial results for Tower's business in Brazil and China, and statements regarding new business opportunities and the Company's future business outlook. The forward-looking statements can be identified by words such as "anticipate," "believe," "plan," "estimate," "expect," "intend," "project," "target," and other similar expressions. Forward-looking statements are made as of the date of this press release and are based upon management's current expectations and beliefs concerning future developments and their potential effects on us. Such forward-looking statements are not guarantees of future performance. The following important factors, as well as risk factors described in our reports filed with the SEC, could cause our actual results to differ materially from estimates or expectations reflected in such forward-looking statements:

- global automobile production volumes;
- the financial condition of our customers and suppliers;
- our ability to make scheduled payments of principal or interest on our indebtedness and comply with the covenants and restrictions contained in the instruments governing our indebtedness;
- our ability to refinance our indebtedness;
- risks associated with our non-U.S. operations, including foreign exchange risks and economic uncertainty in some regions;
- any increase in the expense and funding requirements of our pension and other postretirement benefits;
- our customers' ability to obtain equity and debt financing for their businesses;
- our dependence on our largest customers;
- pricing pressure from our customers;
- work stoppages or other labor issues affecting us or our customers or suppliers;
- our ability to integrate acquired businesses;
- risks associated with business divestitures; and
- costs or liabilities relating to environmental and safety regulations.

We do not assume any obligation to update or revise the forward-looking statements contained in this press release.
