Tower International Reports Improved Results

LIVONIA, Mich., Feb. 18, 2011 – Tower International, Inc. [NYSE: TOWR], a leading integrated global manufacturer of engineered structural metal components and assemblies, today announced its fourth quarter and full year 2010 results.

- Revenue for the quarter was \$541.6 million, up 8 percent from \$501 million in the fourth quarter 2009.
- Adjusted EBITDA of \$48.7 million for the quarter was up 28 percent compared with \$38.1 million in the fourth quarter of 2009. The improvement was driven by higher volume, the absence of non-recurring items from 2009, and higher efficiencies.
- Net loss in the fourth quarter of 2010 was \$21.3 million or \$1.18 per common share, compared with a loss of \$19 million or \$1.86 per common share in the fourth quarter of 2009. As detailed below, certain items adversely impacted results by \$17 million in the fourth quarter of 2010 and \$3.8 million in the fourth quarter of 2009.
- For full year 2010, revenue was \$2 billion, up 22 percent from 2009. Adjusted EBITDA was \$190.2 million, up 52 percent. Adjusted EBITDA margin improved from 7.6 percent to 9.5 percent.
- Net loss for full year 2010 was \$36.9 million or \$3.43 per common share, compared with a net loss of \$67.9 million or \$6.74 per common share in 2009. As detailed below, certain items adversely impacted full year results by \$24.4 million in 2010 and improved full year results by \$36.2 million in 2009.
- Free cash flow was positive \$44.4 million in the fourth quarter and positive \$19.9 million for the full year of 2010. Net debt at December 31, 2010 totaled \$407.8 million, down from \$519.8 million as of December 31, 2009.

“Consistent with our ongoing game plan, Tower continued to do a good job converting increased volume into higher Adjusted EBITDA and higher margin”, said Tower President and CEO Mark Malcolm. “We believe our financial results in 2010 were right on track for this important first year of an anticipated multi-year auto recovery cycle. Looking forward, we remain intensely focused on satisfying customers, delivering solid and predictable results, profitably growing our business over time, and further strengthening our balance sheet.”

Tower's preliminary financial outlook for full year 2011 includes revenues increasing to a range of \$2.05 billion to \$2.1 billion, Adjusted EBITDA increasing to a range of \$200 million to \$210 million, and Adjusted EBITDA margin improving to about 10 percent.

Non-GAAP Financial Measures

This press release includes the following non-GAAP financial measures: "Adjusted EBITDA", "Adjusted EBITDA margin", "free cash flow" and "net debt." We define Adjusted EBITDA as net income / (loss) before interest, taxes, depreciation, amortization, restructuring items and other adjustments described in the reconciliations provided in this press release. Adjusted EBITDA margin represents Adjusted EBITDA divided by revenues. Free cash flow is defined as cash provided by operating activities less cash disbursed for purchases of property, plant and equipment. Net debt represents total debt less cash and cash equivalents. We use Adjusted EBITDA, Adjusted EBITDA margin, free cash flow and net debt as supplements to information provided in accordance with generally accepted accounting principles ("GAAP") in evaluating our business and they are included in this press release because they are four of the principal factors upon which our management assesses performance. Reconciliations of these non-GAAP financial measures to the most directly comparable financial measures calculated in accordance with GAAP are set forth below. The non-GAAP measures presented above are not measures of performance under GAAP. These measures should not be considered as alternatives for the most directly comparable financial measures calculated in accordance with GAAP. Other companies in our industry may define these non-GAAP measures differently than we do and, as a result, these non-GAAP measures may not be comparable to similarly titled measures used by other companies in our industry; and (ii) certain of our non-GAAP financial measures exclude financial information that some may consider important in evaluating our performance.
