

FOR IMMEDIATE RELEASE

Tower International Reports Improved Fourth Quarter and Full Year Results

LIVONIA, Mich., February 16, 2012 – Tower International, Inc. [NYSE: TOWR], a leading integrated global manufacturer of engineered structural metal components and assemblies, today announced its fourth quarter and full year 2011 results and provided preliminary outlooks for 2012 and 2013.

- Revenue for the quarter was \$615 million, up 14 percent from \$542 million in the fourth quarter 2010. Excluding changes in exchange rates and steel pricing, revenue was up 10 percent.
- Adjusted EBITDA for the quarter was \$57.4 million, up 18 percent from \$48.7 million a year ago. The improvement was driven by higher volume and efficiencies that exceeded customer price reductions and economics, offset partially by unfavorable mix.
- Net income for the fourth quarter of 2011 was \$6.7 million, compared with a net loss of \$21.3 million a year ago. As detailed below, this year's fourth quarter included certain items that adversely impacted results by \$4.8 million. Excluding these items and comparable items in the fourth quarter of 2010, diluted adjusted earnings per common share were \$0.57, compared with loss of \$0.24 per share a year ago.
- Free cash flow in the fourth quarter was seasonally strong at \$62 million, and liquidity at year-end was also strong at \$258 million.
- For full year 2011, revenue of \$2.4 billion was up 14 percent from 2010 at constant exchange rates and steel pricing. Adjusted EBITDA was \$227.6 million, up 20 percent from \$190.2 million in 2010. Net income was \$8.1 million, including certain items that adversely impacted results by \$16.7 million. Excluding these items and comparable items a year ago, full year 2011 diluted adjusted earnings per share were \$1.23, compared with a loss of \$1.67 per share in 2010.
- Tower is providing a preliminary outlook for 2012 revenue of approximately \$2.3 billion and Adjusted EBITDA of approximately \$205 million. The main changes from the directional outlook provided last November are more-conservative planning assumptions for European industry production, down 8 percent from 2011, and the Euro, at average \$1.30 compared with \$1.39 in 2011.
- Tower is confident that financial results in 2013 will exceed 2012 and 2011, reflecting in large part a revenue backlog of about \$200 million.

“In our first full year since the IPO, Tower’s financial results significantly exceeded initial expectations,” said President and CEO Mark Malcolm. “More importantly, we built an excellent foundation for the future by achieving better-than-expected growth in our 2013 revenue backlog and by making progress on each element of our balanced long-term game plan. Progress includes major growth actions in the secular growth markets of China and Brazil, further reduction in balance sheet leverage, and an opportunistic acquisition that builds on our core strengths in the automotive business to position Tower as a uniquely capable supplier with additional long-term profitable growth potential in the defense, aerospace, and industrial markets.”

Tower to Host Conference Call Today at 1 p.m. EST

Tower will discuss its fourth quarter 2011 results and other related matters in a conference call at 1 p.m. EST today. Participants may listen to the audio portion of the conference call either through a live audio webcast on the Company’s website or by telephone. The slide presentation and webcast can be accessed via the investor relations portion of Tower’s website www.towerinternational.com. To dial into the conference call, domestic callers should dial 1-866-393-4576, international callers should dial 1-706-679-1462. An audio recording of the call will be available approximately two hours after the completion of the call. To access this recording, please dial 1-800-585-8367 (domestic) or 1-404-537-3406 (international) and reference Conference I.D. #49865415. A webcast replay will also be available and may be accessed via Tower’s website.

Non-GAAP Financial Measures

This press release includes the following non-GAAP financial measures: “Adjusted EBITDA”, “free cash flow,” “net debt,” and “diluted adjusted income / (loss) per share.” We define Adjusted EBITDA as net income / (loss) before interest, taxes, depreciation, amortization, restructuring items and other adjustments described in the reconciliations provided in this press release. Free cash flow is defined as net cash provided by or used in operating activities less cash disbursed for purchases of property, plant and equipment. Net debt is defined as total debt less cash and cash equivalents. Diluted adjusted income / (loss) per share excludes the impact of certain items as described below that are included in our net income / (loss). We use Adjusted EBITDA and free cash flow as supplements to information provided in accordance with generally accepted accounting principles (“GAAP”) in evaluating our business and they are included in this press release because they are principal factors upon which our management assesses performance. We believe these items as well as the non-GAAP financial measures of net debt and diluted adjusted income / (loss) per share are useful to investors as they provide an additional tool for investors to use in evaluating operating results and trends, and in comparing our financial results with other companies. Reconciliations of these non-GAAP financial measures to the most directly comparable financial measures calculated in accordance with GAAP are set forth below. The non-GAAP measures presented are not measures of performance under GAAP and should not be considered as alternatives for the most directly comparable financial measures calculated in accordance with GAAP. Other companies in our industry may define these non-GAAP measures differently than we do and, as a result, these non-GAAP measures may not be comparable to similarly titled measures used by other companies in our industry. In addition, certain of our non-GAAP financial measures exclude financial

information that some may consider important in evaluating our performance. Given the inherent uncertainty regarding special items and other expense in any future period, a reconciliation of forward-looking financial measures to the most directly comparable financial measures calculated and presented in accordance with GAAP is not feasible. The magnitude of these items, however, may be significant.

Forward-Looking Statements and Risk Factors

This press release contains statements which constitute forward-looking statements, within the meaning of the Private Securities Litigation Reform Act of 1995, including but not limited to statements regarding the company's projected revenue, Adjusted EBITDA, free cash flow, earnings, financial results and its future sales growth outlook. The forward-looking statements can be identified by words such as "anticipate," "believe," "plan," "estimate," "expect," "intend," "project," "target," and other similar expressions. Forward-looking statements are made as of the date of this press release and are based upon management's current expectations and beliefs concerning future developments and their potential effects on us. Such forward-looking statements are not guarantees of future performance. The following important factors, as well as risk factors described in our reports filed with the SEC, could cause our actual results to differ materially from estimates or expectations reflected in such forward-looking statements:

- automobile production volumes;
- the financial condition of our customers and suppliers;
- our ability to make scheduled payments on our indebtedness and comply with the covenants and restrictions contained in the instruments governing our indebtedness;
- our ability to refinance our indebtedness;
- our ability to generate non-automotive revenues;
- risks associated with our non-U.S. operations, including foreign exchange risks and economic uncertainty in some regions;
- any increase in the expense and funding requirements of our pension and other postretirement benefits;
- our customers' ability to obtain equity and debt financing for their businesses;
- our dependence on our largest customers;
- pricing pressure from our customers;
- work stoppages or other labor issues affecting us or our customers or suppliers; and
- costs or liabilities relating to environmental and safety regulations.

We do not assume any obligation to update or revise the forward-looking statements contained in this press release.
